UNWELCOME ARMY OF UNDESIRABLES

Village Lock-up Filled to Capacity. Fifty Visitors Run out of Town by Police. Citizens Asked to Give no Free Meals.

An army of undesirables has invaded Gettysburg and is causing the local police many anxious hours. Seventeen are now in the lock-up and a drive to-day resulted in taking out of town about fifty more, most of whom are expected to return by twos and threes. Practically all are strangers who came here for employment at the big camp; they have been paid off, most of them have spent their money for liquor and are now depending on the generosity of kind-hearted Gettysburgians for their support.

The police issue a special request that no meals be given any tramps or other back-door callers and, if their request is carried out, it is believed much will be done toward ridding the town of its unwelcome visitors.

For the past two weeks the village bastile has been crowded all the time. Its capacity is seventeen men and as fast as one cell becomes vacant others are found ready to occupy it.

This morning as Chief Shealer was taking up one prisoner, two others appeared while in the distance several other candidates for rolls and water could be seen loitering about.

The bill of fare in the lock-up is not exactly tempting. Two rolls are given each prisoner in the morning and two more in the evening. There is ample water on hand all the time but that constitutes the rations for the day. Needless to say it is not the fare that draws the boarders and the one hope of the men who fall into the clutches of the local police force is that they may get their freedom to prey upon the people of town by asking for meals.

It is also suggested that people keep their residences securely locked until the town is rid of the visitors as some may be more than harmless undesirables and may carry their operations further than mere begging.

SLIGHT INJURY CAUSES DEATH

Bernice Reinecker, of Greenmount, this County, Develops Lock Jaw Following Injury to her Foot, Other Deaths in the County.

As the result of tramping on a piece of glass several weeks ago Bernice Grace Reinecker, daughter of Mr. and Mrs. Emanuel Reinecker, of Greenmount, died from lock jaw at half past eight o'clock Thursday evening, aged 9 years, 1 month and 24 days.

The little girl was playing about the Reinecker home some time ago and in walking in her bare feet about the yard tramped on a small piece of glass which cut an ugly gash in the foot. The wound was given attention and healed partially but the condition of the foot was further aggravated when the child ran a splinter into the same foot near the original wound some days later. An infection followed and lock jaw resulted. The little girl suffered a great deal of pain for a short time, death finally coming to her relief.

She leaves her parents and one little sister, Ruth Reinecker.

The funeral will be held from the home at one o'clock Saturday afternoon, conducted by the Rev. E. Stockslager. Interment will be made in Mount Joy cemetery.

MRS. ISRAEL KING
Mrs. Maria King, widow of the late Israel King, died at the home of her daughter, Mrs. Charles Albert, near Abbottstown, Thursday, at 3 a. m., after an illness of four weeks, from a complication of diseases. Her age was 83 years, 10 months and 26 days.

She was a daughter of the late John Baublitz, who resided near Abbottstown, and was the last survivor of the Baublitz family.

She is survived by one son, A. L. King, of Hanover, and one daughter, Mrs. Charles Albert, with whom she resided for some time.

MISS MARY M. REAM
Miss Mary M. Ream died July 12, at her home near Farmers, after a sickness of nine weeks from tuberculosis. She was aged 40 years, 4 months and 22 days.

She taught school at East Berlin until six years ago when she became blind through her duties and has since lived at home with her parents, Mr. and Mrs. H. R. Ream.

She is survived by her parents and the following brothers and sisters: Charles R. Ream, Manchester; Wm. T. Ream, at home; Mrs. Martin Myers, Bair's Station, and Mrs. Lillian H. Hively, Thomasville.

ANNIVERSARY

Hoffman Orphanage to Hold Anniversary on July 31.

The anniversary of the founding of the Hoffman Orphanage in Mt. Joy township will be celebrated on Thursday afternoon, July 31, at 1:30.

The home has been prospered during the past year. The children under its care, twenty-five in number, are enjoying good health and happiness, and will take a prominent part in the exercises of the day. Increased support has come from friends of the home. During the past year an electric light plant has been installed at a cost of one thousand dollars, which was made possible through the generous support of a friend.

SCREW-DRIVER AS HIS WEAPON

Raymond Harner now in Jail Charged with Attempting to Stab his Wife with Unusual Weapon, Eluded Constable.

Charged with assault and battery, and attempting to stab with a screw driver both his wife and son-in-law, Raymond Harner, of Germany township, is in the county jail, awaiting trial at August term of Court.

Harner, it is alleged, had been making life generally miserable at home since he went on a drunken debauch some days ago. Among other things he drove his son, Claude Harner, away from the house and, it is said, threatened to kill his wife. Finally Mrs. George L. Hann, a daughter who had been helping her mother with work about the house, summoned her husband to protect them.

Shortly after his arrival Hann objected to the treatment Harner was giving his wife. It is said that Harner struck at his wife with a screw driver, threatening to stab her, when Hann interfered and a scuffle ensued. A warrant was issued for the offender and Constable T. O. Gouker went to the Harner home to serve it.

He arrived there in the evening and discovered that he had not brought along his glasses and could not read the warrant in the dim light. Accordingly he asked Harner to go into the house with him, and as the constable was leaning over a table to get light from a lamp, Harner slipped quietly out of the door. The officer discovered Harner's exit and started in pursuit. In the chase Mr. Gouker failed to see a low wire fence on account of the growing darkness and was thrown but started again in pursuit only to be thrown by another fence of the same kind. He then returned to the house.

A half hour later Harner returned, also, thinking that the officer was not there. Constable Gouker then took his man to Littlestown where he was given a hearing by Squire Mayers and, in default of bail, was committed to jail, being brought here after spending a night in the Littlestown lock-up.

Harner is said to be a most objectionable citizen when under the influence of liquor and, as it is claimed, the Littlestown hotels will not sell to him, there is considerable desire in that village to find out who is furnishing him with the trouble-making stuff.

MANY ACCIDENTS IN THE COUNTY

Another County Resident Dragged by Runaway Horses. Many Misfortunes on Adams County Farms. Numerous Bones Broken.

An accident similar to that in which Robert Boyd, of Orrtanna, was seriously hurt on Tuesday occurred near East Berlin when Mrs. Lewis Mumment was dragged for some distance by a hay rake drawn by two horses. She was engaged in raking hay when, in some manner, the tongue of the machine broke, and the horses, becoming frightened, ran away. The woman was thrown from her seat and fell in front of the teeth of the rake, where she was held and dragged some distance over rough ground. Fortunately in passing over an embankment, the animals were released from the rake, and thereby the life of Mrs. Mumment was probably saved. Workmen in the field went to the aid of Mrs. Mumment and found her unconscious.

A physician was summoned, who found that the woman was covered with many severe bruises and abrasions, but no bones were broken. At latest report she was improving.

Horse Jumps Over Bridge

Charles Cleaver, of near Hampton, accompanied by his 6-year-old daughter, had a thrilling experience one evening recently while on their way to Hostetter's mill, along the Big Conewago creek.

Seated in a spring wagon they were about to cross the bridge that spans the dam at the mill when the horse took fright at a pool of water and plunged over the wing wall of the bridge, taking with it the wagon and occupants. In the fall, a distance of about 12 feet, the child was struck by the wagon and had one of her legs broken near the hip. Mr. Cleaver and the horse escaped uninjured, and the only damage to the wagon was a pair of broken shafts.

WILSON NAMES MEDIATION BOARD

Chambers, Hanger, Knapp, Post
to Hear R. R. Dispute.

RAILROADS HAVE GRIEVANCES

Managers Present Eight Specifications
of Grievances Which They Demand
Shall Be Readjusted.

Washington, July 18. — President Wilson selected William L. Chambers, of the District of Columbia, to be commissioner of mediation and conciliation under the Newlands act, and G. W. Hanger as his assistant.

Their names will be sent to the senate. The other two members of the new board will be Judge Martin Knapp, of the United States commerce court, and Louis F. Post, assistant secretary of labor.

The board is a permanent institution to aid in the adjustment of disputes between railroads and their employees, and the act creating it provides elaborate machinery for carrying on the work.

The commissioner and his assistant will devote all of their time to their new duties, but the other two members of the board will retain their present federal positions and act as mediators only when called upon.

Railroads Have Grievances.

New York, July 18.—Declaring that they, too, have grievances that must be submitted to arbitration and asserting that if there is to be arbitration it must include the side of the railroads as well as that of the conductors and trainmen, the conference committee of managers of the eastern railroads has sent a communication to the presidents of the two brotherhoods, making eight specifications of alleged grievances which they demand shall be readjusted.

This is the first time in the history of strike disputes that a railroad has intimated that it had grievances that were worthy of consideration.

The managers' proposals are:

"When a minimum day's wage is paid in any class of service it shall entitle the railroad to the full mileage or hours of service paid for.

"In no case shall double compensation be paid.

"For fixing the basis of compensation—i. e., whether passenger, through or local freight, yard, etc.—the same classification shall be applied to all men of the train crew.

"All monthly guarantees shall be abolished.

"That consideration be given to a reduction of existing rates of pay of yard brakemen and of passenger conductors and train men on long continuous runs where there is an opportunity to make excessive mileage in a limited number of hours.

"Employees in two or more classes of service on continuous duty or under continuous pay shall be paid the rates applicable to the different services performed with a minimum equal to ten hours at the lowest paid service.

"On passenger and freight trains where under extra crew laws additional men are required the rate of pay for all brakemen shall be 20 per cent below rates established for the brakemen on trains not affected by such laws.

"The rates and rules awarded by this arbitration shall supersede rates and rules now in effect which are in conflict therewith."

At the request of A. B. Garretson and G. W. Lee, of the trainmen's organizations, a conference with the members of the conference committee of managers was held in the Engineering building in West Thirty-ninth street.

On behalf of the roads the following statement was issued:

"We are amazed at the attitude taken by the leaders of the trainmen and conductors as regards our desire to arbitrate our grievances. They seem to think that they are the only side that has a right to ask for arbitration. We think differently, however, and we are convinced that the public will support us in our attitude. We shall insist that our grievances be arbitrated as well as theirs."

After the session a joint telegram was sent to President Wilson, in Washington, stating that the brotherhoods' representatives and the managers' committee urged that they be given the immediate assistance and co-operation of such government officials as are to be appointed under the provisions of the newly passed Newlands act, to the end that they may have their aid in drafting the preliminary specifications required under the act, and that they may proceed to the task of arbitrating their differences at the earliest possible moment.

King Telegraphs Roumania That Bul-
garia Is Ready to Negotiate Peace.
Deny Atrocities.

Sofia, Bulgaria, July 18.—The Roumanians took possession of the cable station at Varna, on the Black sea, and thus control communication with the outside world, except through Serbia.

By forced marches the Turkish army is approaching the town of Kirk-Kiliseh, taken by the Bulgarians after heavy fighting at the beginning of the Balkan war. Many of the population are reported to be fleeing.

An official dispatch reports the defeat by the Bulgarians of the Servian forces which had penetrated Bulgarian territory on the western frontier. The Bulgarians attacked and put the Servians to flight. The Servians are retreating in the direction of Vlasina, across the border.

Another dispatch says severe losses have been inflicted upon the Greek army operating on the Bulgarian left flank.

King Ferdinand personally telegraphed to King Charles of Roumania that Bulgaria was ready to negotiate terms of settlement with Roumania.

The efforts of A. Malinoff, the democratic leader and former premier, to form a cabinet to take the place of that under Premier Daneff have thus far proved futile.

King Ferdinand of Bulgaria denies emphatically the horrifying atrocities attributed in various quarters to the Bulgarian troops during their retreat before the Greek armies marching through Macedonia.

His majesty cabled the following message through the Bulgarian royal private secretary:

"All the rumors about Bulgarian atrocities are infamous Greek calumnies destined to poison universal public opinion and in regard to which the truth will be established one of these days."

At the request of Greece the French government, which has assumed protection of Greek interests in the war region, has instructed the secretary of the French legation at Athens and an officer of the French military mission to proceed immediately to the seat of war to investigate the alleged Bulgarian atrocities.

Norwich, N. Y., July 18.—Ten-year-old Stuart Mudge, of Norwich, a son of A. G. Mudge, is about to be tried for murder at Imataca, Venezuela, according to a dispatch received in Norwich by District Attorney James P. Hill.

On June 29 the boy was playing with a Venezuelan boy of the same age and the latter fell on a piece of steel which they called their dagger, which young Mudge held in his hand. The Venezuelan boy was stabbed and killed.

The killing was purely accidental, but the Venezuelan authorities arrested Stuart Mudge, and after a hearing he was held to answer a charge of murder.

327-POUND GIRL MISSING

Believe Sixteen-Year-Old Maid Spirit-

Galesburg, Ill., July 18.—What has become of Marie Hart, Galesburg's 327-pound school girl?

This question worries Galesburg and relatives of the girl. Although hard to believe, information developed by the police leads them to the conclusion that she was kidnapped.

Marie left home Wednesday night, telling her folks she was going to the "movies." She wasn't home by midnight and so her relatives, neighbors and most of the Galesburg police force searched for her all night. It is believed that the girl was spirited away by show people who wanted her for exhibition purposes. She is only sixteen years old.

CANNON SOUGHT PRESIDENCY

Senate Opposition to Roosevelt in
1908 is Shown in Mulhall Lobby
Hearing.

Washington, July 18.—Presidential politics of 1908, in which the names of both Roosevelt and Taft figured, again occupied much of the time of the senate lobby investigating committee when Colonel Martin M. Mulhall, former "field agent" of the National Association of Manufacturers, continued his recital based on some of his 20,000 letters and telegrams.

Speaker Cannon and Congressman Watson, of Indiana, were the principal advisers of the association at the Republican national convention in Chicago in 1908, Mulhall testified. "Our entire organization was busy trying to nominate Sherman and trying to keep labor planks out of the platform," he said.

The organization swung to the support of Taft, although it did not like some of his public utterances on labor legislation, said Mulhall, because it became evident that Cannon and the other presidential candidates had no chance of success.

"The organization would have favored Cannon above all others," he said. The manufacturers' officers "had the promise of Mr. Vorys and Mr. Taft's managers," Mulhall alleged, that there would be no severe labor planks in the national platform.

Between a half carload of the accounts, books and files of the Manufacturers' association and the Mulhall correspondence, the committee found itself for the first time in a position to ascertain the whole truth concerning the methods of manufacturers in mixing in elections and legislation.

The new mass of testimony acquired by the committee from the offices of the association is expected to furnish proof or refutation of Mulhall's personal accusations and insinuations.

More about New Jersey politics was heard. A letter from Judge William R. Speer, of the Hudson county circuit court, to former Governor Fort, of New Jersey, introducing Mulhall, was introduced. Speer is a nephew of John Kirby, former president of the Manufacturers' association.

On April 28, 1908, the late Vice President Sherman, then in congress, wrote to Mulhall, telling Mulhall that it was impossible to get the Littlefield compulsory pilotage bill through the house. Sherman was provoked at the tariff agitation of the Manufacturers' association and said it might lead to the election of a Democratic president. Sherman also was angry at the fight against Speaker Cannon, whom then was a candidate for the nomination for president.

At that time former Representative James Watson, of Indiana, according to a letter written by Mulhall, "had a great notion to take the floor before congress adjourned and expose the whole dirty piece of trickery from start to finish," referring to a statement that the White House, meaning President Roosevelt, was responsible for the newspaper campaign against Cannon.

"Watson states that the president is moving heaven and earth to nominate Taft," wrote Mulhall, "that he is willing to sacrifice the Sherman law and every other law to please the trusts and to please Wall street so that he can get their support for his candidate at Chicago."

Mulhall also wrote of attending a meeting at Mr. Foraker's house, composed of senators "who will oppose the president and his policies at the Chicago convention." He added that he was told to work against President Roosevelt, was responsible for the newspaper campaign against Taft.

"The opposition to the president," Mulhall continued, "intends to let no legislation through that he wishes at this session of congress and intends to fight the Taft forces to a finish. There is a whole lot took place at this meeting that cannot very well be put on paper."

Other letters detailed the fight on various congressmen. "We have sent special people after Mr. Townsend, in Michigan," said one.

In the same letter Mulhall said that Governor Fort, of New Jersey, was to select the candidate to defeat Representative J. J. Gardner for re-election from the Second New Jersey district.

Regarding the opposition to Roosevelt in his effort to nominate Taft, Mulhall wrote:

"They were perfectly confident of having a majority of the national committee with them, who would seat all the contesting delegations that would come to Chicago against Taft."

Mangled to Death by Reaper.

Ewingville, N. J., July 18.—William E. Walker, superintendent of the E. V. D. Skillman stock farm, while at work on a reaper and binder was stricken and fell inside the machine. His head was terribly mangled and he died instantly.

Army Flier Falls to Death.

Salsbury, Eng., July 18.—Major A. Hewitson, of the British army flying corps, was instantly killed. He was flying at a height of 200 feet, when his monoplane suddenly collapsed and crashed to the ground.

CUTS OFF \$5,803,724 IN APPROPRIATIONS

Tener Makes Big Reduction in General Bill.

Harrisburg, Pa., July 18.—The general appropriation bill, which provides for the expenses of the state government and which passed the legislature carrying the unprecedented amount of \$42,593,615.14, was approved by Governor Tener after he had reduced it to \$37,149,891.03.

The cut made in the bill amounts to \$5,803,724.11 and is the greatest ever made in such a measure in the history of the state government. Scores of items in departmental allowances are reduced and some are cut out entirely, the governor saying that with exceptions specified the reductions have been made "because of insufficient state revenue."

The highway department suffers the most in the sweeping reductions, \$3,400,000 being cut, but only \$25,000 is from the appropriation to the department of health. The school appropriation, which was passed at \$16,000,000, is made \$15,000,000, as it was in the general appropriation bill of 1911. The department of internal affairs, some of whose bureaus are doing work covered by new branches of state government, is cut \$100,000.

Other departments cut \$100,000 or over are public grounds and buildings, forestry, printing and binding and the state railroad commission, which is allowed \$800 to close it up, as the public service commission to be named next week will supersede it. This new commission is given \$400,000.

The governor has reduced appropriations aggregating \$8,900,000 to \$62,000,000, and it is announced as his policy to retain the allowances of education, charities and the maintenance of the state's dependents as close as possible to the appropriations allowed two years.

Carried to Death by Balloon.

Schneidemuehl, Germany, July 18.—The military dirigible balloon Schneidemuehl was torn from its moorings here by a gale. A soldier guarding the balloon was caught up in the cordage and carried to a height of 600 feet, whence he fell to the ground and was killed. The dirigible landed an hour later about two miles away.
